

## CHECK LIST INTERNATIONAL TRANSPORT

THE PURPOSE OF THE PRESENT CHECK LIST IS TO PREPARE YOU FOR THE LOGISTICS AND CUSTOMS PROCESS.

### 1. GENERAL INFORMATION

#### 1.1. Which kind of CONTAINER is required for the goods?

- We recommend transporting the battery modules in a Reefer Container since the batteries need to be stored at a temperature between -10°C to + 50°C
- The temperature of the Reefer Container should be set at approx. 20°C (recommended)
- Guarantee will expire if goods were **NOT** transported at above mentioned temperature (-10°C to + 50°C)
- If the order confirmation states Incoterm EXW (ex works), TESSVOLT will **NOT** be in charge for the loading of the container. A special order for the container stowage can be made with TESSVOLT and will entail additional costs for the procedure.

#### 1.2. What size container(s) may you need – you have the following options:

- 20' Container (approx. 11 standard pallets)
- 20' REEFER (approx. 10 standard pallets)
- 40' Container (approx. 22 standard pallets)
- 40' REEFER (approx. 21 standard pallets)
- HIGH CUBE (e.g. for TS 50 cabinets which has a height of 2,50 m)
- Packing list will be provided by TESSVOLT

#### 1.3. DANGEROUS GOODS

- Please be aware that the battery modules are considered dangerous goods with the UN 3480
- We will provide MSDS
- Draft IMO can be provided if required
- Risk of catching fire of battery modules if stored temperature is too high

#### 1.4. HANDLING AND WAREHOUSING

- A document with all required information will be provided by TESSVOLT

#### 1.5. PALLETS NOT STACKABLE

- Our pallets are **NOT** stackable

## 1.6. HEIGHT OF BATTERY RACK

- The TS 50 battery rack has a height of **2,50 m** and **CANNOT** be layed down otherwise there will be risk of deformation
- In general, battery racks **CANNOT** be layed down and must be transported standing upright

## 1.7. PICK UP ADDRESS

TESVOLT AG  
Am Heideberg 31  
06886 Lutherstadt Wittenberg  
Germany

## 1.8. PICK UP HOURS

Monday – Friday from 8:00 am – 3:00 pm  
➤ except on German national holidays

## 1.9. PICK UP REFERENCE

- Reference number is the 8-digit TESVOLT order confirmation number which starts with 12xxxxxx (can be found on the top right corner of the Packinglist)
- Driver needs to provide the reference number to pick up the goods
